1. INTRODUCTION

This report has been prepared in accordance with the Queensland Coordinator-General's Imposed Conditions for New Acland Coal Pty Ltd (NAC) Stage 3's approval, to meet **Condition 17: Social Impact Management Report (SIMR): pre-construction.**

Condition 17 requires:

“(a) Commencing from the date of the Coordinator-General’s Evaluation Report and up to the date of commencement of construction, every six months the proponent is to provide the SIMR to the Coordinator-General. The reports are to be made publicly available by the proponent.

(b) The SIMR is to contain:

“(i) the actions taken to inform the community about project impacts and show that community concerns about project impacts have been taken into account

(ii) the actions, outcomes and adaptive management strategies to avoid, manage or mitigate project-related impacts on community health, safety and social infrastructure”.

This SIMR covers the period from 1 December 2021 to 31 May 2022 and is the fourteenth pre-construction SIMR to be prepared for the New Acland Coal Mine Stage 3 Project (NAC03 or the Project). It provides an update on the Project's recent community and stakeholder engagement activities and associated outcomes, and outlines the progress of the Project's community health, safety and social infrastructure management strategies.

Once the SIMR is received by the Coordinator-General and receipt is acknowledged, this SIMR will be published and remain available online at <https://newhopegroup.com.au/general-reporting/>.

1.1. The Project

The Project is located approximately 160km west of Brisbane, 35km north-west of Toowoomba, and 14km north-west of the town of Oakey. The Project involves the expansion of the existing open-cut New Acland Coal Mine to increase production and to extend the life of the mine.

The Evaluation Report for the Project's Environmental Impact Statement was provided by the Office of the Coordinator-General on 19 December 2014 and included 137 conditions for the Project's development and operation.

On 18 January 2017, the Project was granted Federal Government approval under the *Environment Protection and Biodiversity Conservation Act 1999 (Cth)*.

The Project also requires mining leases to be approved under the *Mineral Resources Act 1989 (Qld)*, and an associated water licence (AWL) to be granted under the *Water Act 2000 (Qld)*.

On 30 May 2018, New Acland Coal Pty Ltd was advised by the Oakey Coal Action Alliance Inc. that it had lodged a notice of appeal in respect of the Supreme Court of Queensland decision that set aside the Queensland Land Court's recommendation regarding the New Acland Coal Mine Stage 3 mining lease applications and related environmental authority amendment.

Following a three-year period of court and judicial review processes associated with the Project, on 8 November 2018, the Queensland Land Court recommended that the Project's mining leases and EA amendment be granted provided certain conditions are met, including that the Coordinator-General amend the Project's noise limits within the 'stated conditions' of the Project's 2014 EIS Evaluation Report.

The Supreme Court of Queensland, Court of Appeal hearing took place 27 February 2019 to 1 March 2019. This was an appeal against the Supreme Court of Queensland's judicial review of the Queensland Land Court's recommendation regarding the New Acland Coal Mine Stage 3 mining lease applications and related environmental authority amendment.

On 12 March 2019, the Company was advised by the Queensland Department of Environment and Science that they had granted the application to amend the Environmental Authority (EA), pursuant to the *Environmental Protection Act 1994 (Qld)* for the New Acland Coal Mine Stage 3 Project. This EA has now been set aside.

The AWL public notification period for submissions concluded 7 May 2019. The grant of the AWL by the Department of Regional Development, Manufacturing and Water is still outstanding.

On 24 May 2019, a request to change a condition concerning Coordinator-General imposed Condition 4(a), Jondaryan train load-out facility, was lodged with the Coordinator-General. The public submission period opened 22 June 2019 and closed 21 July 2019. This change request was granted by the Coordinator-General on 18 September 2020.

The Supreme Court of Queensland, Court of Appeal handed down its Reasons on 10 September 2019 and Orders on 1 November 2019 refusing the appeal and allowing the cross-appeal from New Acland Coal Pty Ltd.

On 29 November 2019, the Oakey Coal Action Alliance applied for special leave to appeal the Supreme Court of Queensland, Court of Appeal decision to the High Court. The application was heard on 5 June 2020 and special leave granted to Oakey Coal Action Alliance.

On 6 October 2020, the High Court heard the Oakey Coal Action Alliance's appeal.

The Regional Impact Development Approval (RIDA) public notification period for the Project commenced 11 December 2019 and closed 17 January 2020. NAC's RIDA for the Project was granted by the Department of State Development, Tourism and Innovation on 25 August 2020.

On 3 February 2021, the High Court handed down its decision that New Acland Coal's mining lease applications and environmental authority amendment application be remitted to the

Queensland Land Court for reconsideration. As above, the EA granted on 12 March 2019 has now been set aside.

The Land Court remittal hearing was heard between 26 October 2021 and 25 November 2021 in Toowoomba and Brisbane.

On 17 December 2021 the Land Court of Queensland recommended that the New Acland Mine Stage 3 mining leases and the environmental authority amendment application be granted, subject to conditions. In accordance with that decision, NAC applied to the Coordinator-General to amend stated conditions.

On 26 May 2022, the Coordinator-General issued her change report which approved changes to certain stated conditions relevant to the Environmental Authority for the New Acland Mine Stage 3 Project.

The New Hope Group remains committed to delivering the Project and will continue to actively work with the relevant government departments to progress its approval.

Further information regarding the Project's court and judicial review processes has been reported in earlier editions of the Social Impact Management Report (available at <https://newhopegroup.com.au/general-reporting/>).

A chronology of the Project's assessment and approval process is also tabled as Annexure A to this report.

2. COMMUNITY AND STAKEHOLDER ENGAGEMENT

The New Hope Group maintains a regular program of communication and engagement with local landholders, communities and stakeholders to understand and respond to particular areas of interest or concern regarding the Project. Prolonged uncertainty regarding the Project's statutory approvals has affected some aspects of community engagement and assistance programs.

2.1. Outcomes of Engagement

The following sections report on the outcomes of the Project's engagement activities for the period of 1 December 2021 to 31 May 2022.

2.1.1. Landholder engagement

Key outcomes from the Project's engagement with landholders in the last six months are as follows.

December 2021

- Landholders expressed interest in the recent Queensland Land Court recommendation with engagement mainly focusing on the NACo3 approvals process this month.
- One face to face meeting with a landholder occurred during December. Three face-to-face landholder meetings were postponed to early 2022 due to an increase in COVID-19 cases in the region.

January 2022

- Face to face meetings occurred with two landholders this month regarding property access for the purpose of environmental monitoring and NACo3 approvals update.
- COVID-19 cases continue to rise in the region, with many landholders opting for phone updates rather than face to face meetings.

February 2022

- Heavy rainfall across the district has caused significant flooding in areas surrounding New Acland Mine operations during February.
- Many landholders have experienced large wash outs in cultivated paddocks due to recent rainfall.
- The NAC Environmental Team, Community & Landholder Advisor and Acland Pastoral Company have planned for 2022 pest management in consultation with local landholders and local pest management experts.

March 2022

- NAC Environmental Team and Community & Landholder Advisor attended a Pest & Weed Management Information Session hosted by North East Downs Landcare Group during March. The session was well attended by local landholders and members of the public.
- New Acland Mine and Acland Pastoral Company participated in a Local Government Pest Management Program, for the control of feral dogs and foxes during March. Notifications were sent to 15 landholders advising of the intention to complete the Pest Management Program.

- Acland Pastoral Company and NAC Community & Landholder Advisor engaged with local landholders and Rural Fire Service of Jondaryan to discuss conducting a controlled burn on APC land to provide a firebreak to neighbouring properties before fire season.

April 2022

- NAC Community & Landholder Advisor attended face-to-face meetings with four landholders during April as part of planning for Feral Pig Management on NAC and Acland Pastoral Company land. These meetings also provided any opportunity to provide a NACo3 update.
- Feedback received at these landholder meetings has been used to formulate a plan to control rising feral pig numbers in the immediate area surrounding New Acland Coal Mine.

May 2022

- Notifications were delivered to 30 landholders during May, advising of NAC and Acland Pastoral Company's intention to engage a certified aerial work operator to complete an aerial cull for the control of feral pigs on areas of New Acland Coal Mine and Acland Pastoral Company Land.
- The aerial cull, for the control of feral pigs was conducted on 20 May 2022 with excellent success. Discussions with landholders after the aerial cull were very positive, with plans in place to conduct further feral pig control activities over the next 6 months.

2.1.2. Community engagement

Key outcomes from the Project's community engagement in the last six months are as follows.

December 2021

- New Acland Community and Landholder Advisor attended the Oakey Men's Shed Christmas breakup during December.
- NAC Community and Landholder Advisor attended the Oakey Chamber of Commerce inaugural Community Volunteers Celebration this month. The event was well attended by local community organisations and local business owners.

January 2022

- Work from home arrangements were implemented for New Acland Mine office employees during January due to the increasing number of COVID-19 cases in the region.
- Engagement with community members and organisations continued, mostly via email and phone.

February 2022

- Flooding continued to be a concern for the local community, with many people experiencing restricted access to work and minor damage to local businesses.
- New Acland Mine Community and Landholder Advisor met with the new Manager of Jondaryan Woolshed to discuss future partnership opportunities.

March 2022

- NAC Community and Landholder Advisor, NAC Environmental Advisor and APC Team Lead met with the Northeast Downs Landcare Group President and a local conservation expert to discuss strategies to support the preservation of habitat for a rare bird of Jondaryan, the Painted Honeyeater.
- New Acland Coal Mine donated the use of a portable lighting tower to a local primary school for their use at a school social function.
- New Acland Coal published a New Acland Community Newsletter, including a NACo3 update in March.
- New Hope Group sponsored the purchase of 10 feral pig baiting stations for the North East Downs Landcare Group. These stations will be lent to landholders close to New Acland Mine for the control of feral pigs.

April 2022

- New Acland Mine Community and Landholder Advisor provided an update to Oakey Chamber of Commerce members at their monthly meeting.
- New Acland Mine hosted three private tours during April.

May 2022

- New Acland Community and Landholder Advisor was invited to attend a 'Biggest Morning Tea' fundraiser at an Oakey business in May.
- New Acland Community and Landholder Advisor provided an update to the New Acland Community Reference Group on NACo3 approvals process via email.

2.1.3. Key stakeholder engagement

Recent outcomes from the Project's engagement with key stakeholders are as follows.

December 2021

- New Acland Coal Mine representatives met with members of the Oakey Chamber of Commerce to provide an update on the NACo3 approval process.
- New Acland Coal Mine Community and Landholder Advisor met with six business owners in Oakey to provide a NACo3 update.

January 2022

- New Acland Coal Community and Landholder Advisor provided a Company update to a Federal MP via phone in January.
- New Acland Coal Community and Landholder Advisor provided a Company update to the New Acland Coal Community Reference Group via email.

February 2022

- New Acland Coal Community and Landholder Advisor provided a NACo3 update to a Regional Economic Development Officer from the Toowoomba Regional Council.
- New Acland Coal provided a Company update to the NAC Community Reference Group via email.

March 2022

- New Acland Coal Community and Landholder Advisor met with members of the Oakey Chamber of Commerce to provide a NACo3 update.

April 2022

- New Acland Mine General Manager and New Acland Coal Community and Landholder Advisor provided an update on the NACo3 approvals process to a Federal MP.
- New Acland Mine General Manager hosted a tour of New Acland Mine and provided an update on the NACo3 approvals process to a federal election candidate during April.

May 2022

- New Acland Coal Community and Landholder Advisor provided a Project update to the Member for Condamine via phone.
- New Acland Coal liaised with NAC Community Reference Group members to plan for a June 2022 CRG meeting.
- New Acland Coal Community and Landholder Advisor provided a NACo3 approvals process update to NAC Community Reference Group via email.

2.2. Complaints Management

There were no complaints received in relation to the NACo3 Project between 1 December 2021 and 31 May 2022

2.3. Consultation Stakeholders and Issues Report

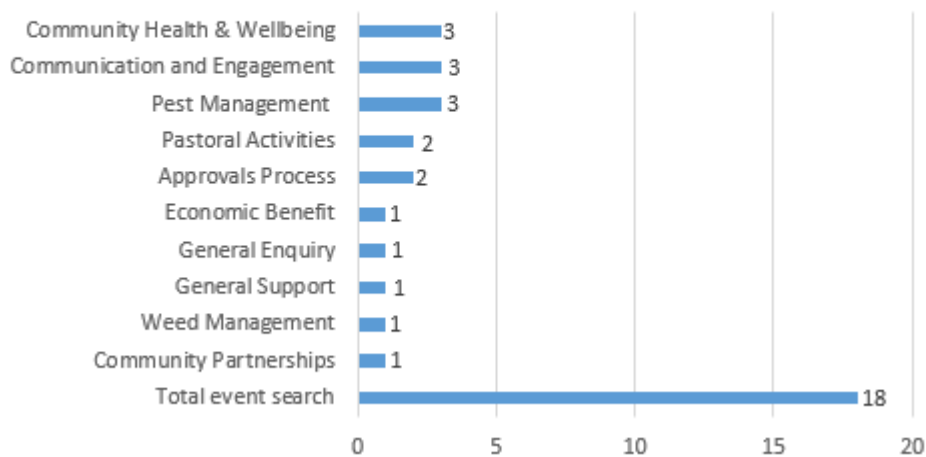

Over the past six months, the New Hope Group has been involved in 175 interactions with local community and stakeholders (e.g., email correspondence, phone calls and meetings) related to the Project, and has engaged with a total of 93 individuals. Table 1 presents a breakdown of these interactions by stakeholder group.

TABLE 1: STAKEHOLDER ENGAGEMENT, 1 DECEMBER 2021 – 31 MAY 2022

<i>Stakeholder Groups</i>	<i>Occurrences</i>	Stakeholders	
		<i>Distinct</i>	<i>Total</i>
<i>Landholder: Tier 2 Landholder</i>	16	18	43
<i>Landholder: Tier 1 Landholder</i>	9	12	25
<i>Community: Community Reference Group</i>	8	10	26
<i>Landholder: Rail Corridor</i>	7	2	9
<i>EIS Stakeholders: EIS Submitter</i>	7	6	15
<i>Community: Activist / Action Group</i>	6	5	10
<i>Landholder: Landholder Business & Industry: Existing supplier</i>	5	2	5
<i>Community: Community Group / Charity</i>	4	3	5
<i>Landholder: Tier 3 [Other]</i>	4	1	4
<i>Total</i>	93	79	175

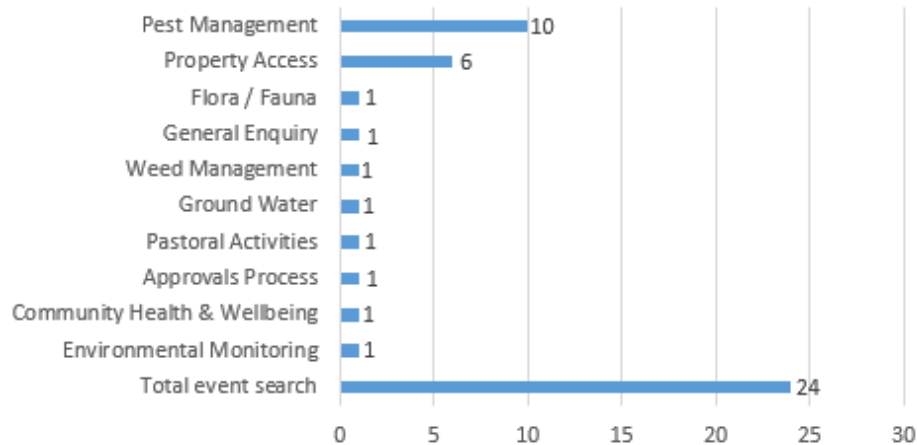

The top ten topics addressed during engagement with the general community and with members of community groups in the last six months are presented in Figure 1. It shows engagement in the reporting period has largely focused on communication and engagement, community health and wellbeing, pest management, pastoral activities, and the approvals process.

Figure 1: Top 10 Community Engagement Topics - 1 December 2021 to 31 May 2022

The Project's landholder engagement program during the reporting period has involved 80 events with 69 distinct landholder stakeholders. As shown in Figure 2, pest management, property access, flora and fauna and weed management were the primary topics discussed during landholder engagement.

Figure 2: Top 10 Landholder Engagement Topics -
1 December 2021 to 31 May 2022

The Project's engagement with other key stakeholders over the reporting period included meetings and correspondence with community groups and charities, educational stakeholders, community reference group and registered businesses (refer Table 1).

Key outcomes of engagement with these stakeholders are as summarised in Section 2.1.3. Details of engagement by stakeholder group are summarised in Section 2.4.

2.4. Q1-Q2 Communication and Engagement Activities

The following tables summarise the Project's activities against key commitments to community and stakeholder engagement for the reporting period.

The Project's engagement mechanisms include tailored strategies for landholders in three categories:

- Tier 1: High Priority Landholders –those who are potentially impacted as shown through environmental modelling;
- Tier 2: Landholders near the mine with less potential for impacts; and
- Tier 3: Other landholders in the Jondaryan and Oakey communities.

TABLE 2: COMMUNITY AND STAKEHOLDER ENGAGEMENT ACTIVITIES, Q1-Q2 2022 (1 DECEMBER 2021 TO 31 MAY 2022)

Q1-Q2 2022 Actions	
Tier 1 and Tier 2 Landholders	
Six monthly landholder meetings	<ul style="list-style-type: none"> • Meetings, phone calls and correspondence have taken place with 46 landholders in and near to the Project area (Landholder Tiers 1-3). This contact has involved discussions regarding the Project's approval process and other matters covered elsewhere in this report. Additional consultation has occurred as part of the continued operation of New Acland Coal Mine but are not detailed in this report.
Landholder agreements	<ul style="list-style-type: none"> • The New Hope Group has formalised 13 Make Good Agreements with potentially affected landholders. Another 16 Agreements are on hold. Four Agreement offers have been declined. No additional Landholder agreements were entered into during the reporting period.
Staff visits to Jondaryan	<ul style="list-style-type: none"> • Engagement sessions were suspended in early 2022. NAC Community and Landholder Advisor continues to conduct one-on-one meetings with landholders, business leaders and community members. A letterbox drop inviting community members to contact the NAC Community and Landholder Advisor to arrange a one-on-one meeting or to raise questions is scheduled for June 2022.
Government Stakeholders	
Toowoomba Regional Council	<ul style="list-style-type: none"> • Project-related engagement continues as part of regular interfaces between the Project's New Acland Community team and Council's Community Development team members in Oakey, Toowoomba and Goombungee. • The New Hope Group also maintains regular engagement with Council through participation in organised community meetings and events (e.g. Oakey Chamber of Commerce meetings and NACo3 Community &

Q1-Q2 2022 Actions	
	Landholder Updates).
Queensland Government	<ul style="list-style-type: none"> Following the Queensland Land Court's recommendation that the New Acland Mine Stage 3 mining leases and the environmental authority amendment application be granted subject to conditions, the New Hope Group re-commenced consultation with the Office of the Coordinator-General, the Department of Environment and Science, and the Department of Resources.
Business and Industry Stakeholders	
Local Business and Industry Stakeholders	<ul style="list-style-type: none"> New Acland Coal continue to receive enquiries from local businesses, registering their interest in procurement opportunities. A total of 478 registrations have been received since November 2015.
Local Business and Industry Partners	<ul style="list-style-type: none"> The New Hope Group employees maintain a productive relationship with the Oakey and Toowoomba Chambers of Commerce, with participation in organised business and industry events over the reporting period (see Section 2.1.3). The New Hope Group's New Acland Community team also continued to engage with Toowoomba Regional Council led, Oakey Youth Project, focused on scoping and implementing projects that support local young people.
Indigenous Stakeholders	
Indigenous Community	<ul style="list-style-type: none"> The New Hope Group continues to explore opportunities to work with Goondir Aboriginal Medical Service and Toowoomba Regional Council Oakey Youth Project representatives to scope support opportunities for local Aboriginal young people. These projects will be further developed, pending approvals of the NAC Stage 3 Project (see Section 2.1.3).
Traditional Owners	<ul style="list-style-type: none"> Consistent with last SIMR (December 2021), Cultural Heritage survey works have been completed on all projected disturbance areas within the Project's boundaries. The Project's Cultural Heritage Awareness video has been produced and approved by Western Wakka Wakka People (traditional owner) representatives and forms part of the New Acland Coal Mine's induction program. Due to the passing of a Western Wakka Wakka People elder who appears in the induction video, New Acland Coal engaged with the Western Wakka Wakka People to ensure the video addresses these sensitivities and is culturally appropriate.
Social infrastructure providers / community groups	

Q1-Q2 2022 Actions	
Education and Training Stakeholders	<ul style="list-style-type: none"> • New Acland Coal continue to develop and maintain a productive relationship with local education providers surrounding New Acland Mine operations. • Targeted discussions with local schools and training providers have commenced in preparation for possible future education and training partnerships, pending the approvals of NACo3 project.
Health stakeholders	<ul style="list-style-type: none"> • The New Hope Group has had to finalise partnerships with two local health service providers due to budget constraints. • Exploring opportunities to scope new initiatives for Aboriginal community members with Goondir Aboriginal Medical Service is ongoing. • Continued implementation of the New Hope Group's RACQ LifeFlight Partnership and Rural Safety Project.
Community Organisations	<ul style="list-style-type: none"> • Continued in-kind support for community and social services, through the Community Sponsorship & Donations Program (see Section 3.2). • The New Hope Group Community Sponsorship & Donations program remains suspended, during this reporting period due to budget constraints. New Hope Group and New Acland Coal continue to work with the New Acland Community to identify opportunities to support community events and programs in an in-kind capacity.
General Community engagement	
Community Reference Group	<ul style="list-style-type: none"> • One Community Reference Group (CRG) meeting was held within the reporting period addressing a range of interest areas including general project information, operations management, local community priority areas and an update on the NACo3 approval process. CRG members represent local landholders, local business, health, education and youth, the indigenous community, environment and the areas of Jondaryan, Oakey, Kulpi and Maclagan.
Mine Site Tours	<ul style="list-style-type: none"> • 6 private mine tours were held during the reporting period. All public mine tours scheduled for 2022 so far, have been cancelled.
Events	<p>New Acland Coal and New Acland Community staff continue to contribute to and participate in a range of local community events, including during this reporting period:</p> <ul style="list-style-type: none"> ○ Oakey Chamber of Commerce Inaugural Community Volunteers Celebration (Dec 21) ○ Oakey Men's Shed Christmas Breakup (Dec 21) ○ Oakey Chamber of Commerce Monthly Meeting (Feb22) ○ Tour of Jondaryan Woolshed (Feb 22)

Q1-Q2 2022 Actions	
	<ul style="list-style-type: none"> ○ Pest and Weed Management Information Session (Mar 22) ○ In-kind donation to St Monica’s Primary School (Mar 22) ○ Oakey Chamber of Commerce Monthly Meeting (Mar 22) ○ Oakey Community Labyrinth Project Meeting (Mar 22) ○ Oakey Community Care Committee Meeting (Apr 22) ○ Meet the Federal Candidates Oakey Session (Apr 22) ○ Oakey Chamber of Commerce Monthly Meeting (Apr 22) ○ Oakey Biggest Morning Tea, Cancer Council Fundraiser (May 22) ○ Oakey Chamber of Commerce Monthly Meeting (May 22)
<p>New Acland Community Information Centre, Oakey</p>	<p>During the June 2021 reporting period New Hope Group advised the Office of the Coordinator-General of the planned closure of the New Acland Community Information Centre (NHCIC), until such time that the Stage 3 Project is approved.</p> <p>New Acland Coal remain committed to providing a high level of support to members of the community and landholders through:</p> <ul style="list-style-type: none"> • Ongoing access to a dedicated Community and Landholder Advisor to facilitate transparent and regular communication with local communities and landholders and to address stakeholder concerns and suggestions • Continued communications through the 24-hour community hotline and email address • Continued engagement with local community organisations and service providers • Continued operation of the New Acland Community Reference Group (CRG) • Advanced communications (i.e., advertisements in local papers, consultation materials) about key milestones and potential impacts e.g. road closures.

TABLE 3: PROJECT COMMUNICATION, Q1-Q2 2022 (1 DECEMBER 2021 TO 31 MAY 2022)

Project Communications

<p>Community Newsletter</p>	<p>Communication material distributed online (published September 2021), included the following articles. A number of printed editions were made available to local residents.</p> <p>Headline articles in the December 2021 and March 2022 newsletters included the following:</p> <p>December 2021</p> <ul style="list-style-type: none"> • Christmas Message • The Last Blast • Care and Maintenance • Acland Pastoral Company Update • One of the Lucky Ones • Stage 3 Update • Enquiries & Complaints <p>March 2022</p> <ul style="list-style-type: none"> • From the General Manager • Jondaryan Parkland Revitalized • New Acland Stage 3 • CEO Visit • Rehabilitation Update • Women in Mining • Care and Maintenance Update • A Bittersweet Day • Enquiries & Complaints
<p>Online Fact Sheets</p>	<p>Fact Sheets available:</p> <ul style="list-style-type: none"> • Stage 3 Project – Local Procurement • Make Good Agreements • Rehabilitation • Blasting • Darling Downs Tenure Relinquishment Program

Website (www.newhopegroup.com.au)	<p>The following information relating to New Acland Coal is available on the New Hope Group website:</p> <ul style="list-style-type: none"> • Media releases • Newsletters • Project fact sheets. • Project EIS information. • Air Quality management information • Land rehabilitation information • Noise management information • Mining industry information • New Acland Community investment and sponsorship programs • New Acland Community Reference Group meeting minutes
Media & Media Releases	<p>New Hope Group have not produced any proactive media releases for the Project during this reporting period. Any media comment is responsive to the relevant enquiry.</p>
Advertising and Newspaper Notices/Columns	<p>A broad and ongoing range of advertising is released with relevance to the Project. The New Hope Group also maintains a regular space in the Oakey Champion for relevant updates and to advertise its participation in specific events.</p>
Media campaign	<p>Following the Queensland Land Court’s recommendation that the New Acland Mine Stage 3 mining leases and the environmental authority amendment application be granted (subject to conditions), New Hope Group have ceased all proactive media campaigns.</p>
Social media	<p>New Hope Group makes Project updates and information available to stakeholders via social media channels, primarily on:</p> <p>Facebook (https://www.facebook.com/newhopegroupaustralia)</p> <p>Instagram (https://www.instagram.com/newhopecorp/?hl=en)</p> <p>YouTube (https://www.youtube.com/channel/UCUQ2arf_poBv3zOoctgGuIjg)</p> <p>LinkedIn (https://www.linkedin.com/company/new-hope-coal/)</p>

3. COMMUNITY HEALTH, SAFETY AND SOCIAL INFRASTRUCTURE

3.1. Community Health, Safety and Wellbeing

As reported in June 2016, the Project has initiated a substantial proportion of the commitments detailed in its Social Impact Management Action Plan for Health and Community Wellbeing, as well as additional commitments made in relation to community health and wellbeing in Chapter 5 of the AEIS. The outcomes of engagement with relevant stakeholders are reported in Sections 2.1.3 and 2.4 of this SIMR.

The New Hope Group's community investment and sponsorship programs related to social infrastructure are summarised in Section 3.2.

3.2. Social Infrastructure

The New Acland CIF assists not-for-profit community groups and organisations to develop long-term projects and initiatives for the benefit of communities around the New Acland Coal Mine. Not-for-profit community groups and organisations within the Toowoomba region are eligible to apply for grants under the New Acland Mine CIF.

The New Acland Mine CIF was launched in August 2013 and is in addition to the New Hope Group's Community Donations and Sponsorship Program.

The New Hope Group, in consultation with the New Acland Community Reference Group (CRG), having partnered with the University of Southern Queensland's (USQ) Institute for Resilient Regions, has implemented six community development projects aligned to community priorities identified by USQ research. These projects were funded through allocations from the Community Investment Fund, in agreement with the Community Reference Group.

Since 1 December 2021, the New Hope Group has supported 4 organisations in the Toowoomba region in an in-kind capacity. Local community organisations have benefited from in-kind donations and personnel support toward regular community events and targeted initiatives in Oakey, Jondaryan and Goombungee.

During the June 2021 reporting period the New Acland Coal Community Investment Fund program was suspended, until such time as NACo3 is approved. New Hope Group and the New Acland Community and Landholder Advisor continue to work with the New Acland Community to identify opportunities to support community events and programs in an in-kind capacity.

3.3. Acland Management Plan

The Acland Management Plan (AMP) sets out the Project's arrangements and commitments for the management and maintenance of the Acland Township. This includes ongoing conservation management of specific local heritage items and structures identified by the AMP and Acland Colliery Conservation Management Plan, and general grounds maintenance in Acland.

The Colliery has also been fully laser scanned to record the structure, and New Hope Group continues to implement control measures for borer and termites through a third-party contractor.

4. PROJECT PLAN

This section outlines the Project's plan to deliver on its mitigation and management strategies (Section 4.1) and commitments to community and stakeholder engagement (Section 4.2).

4.1. Mitigation and Management Strategies

The following table identifies the status of the Project's mitigation and management strategies including public reporting requirements.

TABLE 5: MITIGATION AND MANAGEMENT STRATEGIES

Management Plans and Strategies	Status	Details and Next Update
Air Quality Management Plan	DES approved this plan for Project use on 9 April 2020. Amendments will be required in light of changes to stated conditions relevant to this plan and confirmation of a decision by DES to grant an amended environmental authority.	Further updates to be provided following confirmation of DES' decision to grant an amended environmental authority. Public reporting for the Project's environmental monitoring activities to occur monthly from the start of construction.
Noise Management Plan	DES approved this plan for Project use on 3 March 2020. Amendments will be required in light of changes to stated conditions relevant to this plan and confirmation of a decision by DES to grant an amended environmental authority.	

Management Plans and Strategies	Status	Details and Next Update
Blasting and Vibration	Established and preparatory work is continuing.	
Groundwater Monitoring and Impact Management Plan (GMIMP)	DAWE approved this plan for Project on 26 November 2020.	The Plan (part of the Project's EPBC Act requirements) was approved on 26 November 2020 by the delegate of the Minister for the Environment, for the Department of Agriculture, Water and the Environment (DAWE). Once the AWL is granted, the Plan will be further updated and re-submitted to the Department of Regional Development, Manufacturing and Water.
Bore Baseline Assessment Plan	Established and well advanced. Further assessment will be undertaken in the future following approval of the Project.	The Bore Baseline Assessment Plan can be found at https://newhopegroup.com.au/general-reporting/
Community and stakeholder engagement	Established and in progress.	Refer to Section 2 of this Report. Next report due December 2022.
Complaints Management	Established and in progress.	Refer to Section 2 of this Report. Next report due December 2022.
Health, safety and community infrastructure	Established and in progress.	Refer to Section 3 of this Report. Next report due December 2022.
Acland Management Plan	Established and in progress.	Refer to Section 3 of this Report. Next report due December 2022.

	<ul style="list-style-type: none"> Stakeholder letter distribution

5. CONCLUSION

This Social Impact Management Report has described the engagement, communication and impact management strategies undertaken by the New Hope Group with respect to the New Acland Coal Mine Stage 3 Project for the first half of 2022.

The next SIMR will be delivered in December 2022, in line with the Coordinator-General's Imposed **Condition 17: pre-construction**.

ANNEXURE A

NEW ACLAND COAL MINE STAGE 3 PROJECT APPROVALS HISTORY

Event	Date
Gazettal of coordinated project declaration	18 May 2007
MLA 50232 lodged	25 May 2007
Environmental Impact Statement (EIS) submitted	January 2014
EIS released for public consultation	18 January 2014 - 3 March 2014
Additional information to EIS (AEIS) submitted	August 2014
AEIS released for public consultation	1 - 29 September 2014
Coordinator-General's evaluation report, recommending that the Project be approved, subject to conditions	19 December 2014
MLA 700002 lodged	16 January 2015
EA Amendment Application lodged	13 April 2015
Public notification of MLAs 50232 and 700002 and the EA Amendment Application	13 May 2015 - 2 July 2015
Draft EA issued by the then Department of Environment and Heritage Protection	28 August 2015
Referral of MLA 50232 and 700002 to the Land Court for Objections Hearing	14 October 2015
Referral of EA Amendment Application to the Land Court for Objections Hearing	19 October 2015
Original Objections Hearing dates	7 March 2016 - 12 August 2016 5 - 7 October 2016 3 - 20 April 2017
EPBC Act approval issued. The approval has effect until 31 January 2042.	18 January 2017
Land Court decision (Member Smith) on EA Amendment Application, MLA 50232 and MLA 700002 (since overturned)	31 May 2017
Associated Water License application lodged	3 October 2017
Supreme Court decision (Bowskill J) overturned Land Court decision and the EA decision of 14 February 2018 and remitted the matter to the Land Court for reconsideration	2 May 2018 (final orders 28 May 2018)
Appeal lodged in the Court of Appeal against Supreme Court decision by Oakey Coal Action Alliance Inc.	30 May 2018
Remitted Land Court Hearing dates	2 - 4 October 2018
Remitted Land Court decision	7 November 2018
Land Court recommendation is unconditional and DES decision making process commences	12 February 2019
Court of Appeal hearing dates	27 February 2019 - 1 March 2019
Environmental Authority (EA) amendment application approved	12 March 2019
AWL application released for public notification	20 March 2019
Associated Water Licence (AWL) submission period closed	7 May 2019
Request to change Condition 4(a), Jondaryan train load-out facility lodged	24 May 2019
Public notification period regarding change to Condition 4(a) opens	22 June 2019

Public notification period regarding change to Condition 4(a) closes	21 July 2019
Court of Appeal – Date of Reasons	10 September 2019
Court of Appeal – Date of Orders	1 November 2019
Regional Interests Development Application (RIDA) lodged	19 November 2019
